## Bullenempfehlung - Zuchtwertschätzung August 2024

Diese **Empfehlungsliste** umfasst **nur Bullen**, die nach unseren Informationen **überregional**, d.h. auch über die heimische Besamungsstation RiVerGen in **ausreichendem Maß verfügbar** sind.

Bitte achten Sie auf einen **balancierten Einsatz** der Bullen. Züchterische Auswertungen der LfL zeigen beim Vergleich hornloser Genetik mit gehörnter Genetik immer noch eine Überlegenheit der bewährten gehörnten Bullenlinien. Sicherlich sind bereits viele Ihrer Rinder und Kühe hornlos. Auf diese passen gehörnte Vererber -vor dem Hintergrund einer möglichst breiten Linienvielfalt- optimal. **Für weitere Informationen stehen die Fachberater für Rinderzucht gerne zur Verfügung.**
